SETH M.R. JAIPURIA SCHOOL - 30 YEARS OF EXCELLENCE IN EDUCATION

Long ago in 1945, Jaipuria started its journey in education with the establishment of Jaipuria College in Calcutta (now Kolkata) by the great visionary and educationist Padma Bhushan Seth Anandram Jaipuria, It is this unique heritage spanning 7 decades and 4 generations that sets apart Seth M.R. Jaipuria Schools from other educational institutes. The journey continued with the establishment of its first K-12 ICSE school in Lucknow, Uttar Pradesh in 1992, which was followed by 4 management institutes in Lucknow, Noida, Jaipur, and Indore.

Since 2014, the journey scaled up to higher peaks. Seth M.R. Jaipuria School has witnessed exponential growth with 50+ CBSE schools across 34 cities. and is ambitious to reach 75 schools by 2025.

I AM IN LAKHIMPUR

An academic institute should stand for dreams, building of character & skills, and defining a person's life. At Jaipuria, we understand that the years that a student spends with us would 'shape or break' that individual, so there is great power and greater responsibility in the hands of the school. The purpose of Seth M. R. Jaipuria School, Lakhimpur Kheri is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass beyond the realms of the ordinary. The entire value system of the school is driven around innovation, creativity and entrepreneurship. The underlying context is always that there should be the desire for excellence, zeal to go beyond the regular, and provide for growth and development of individuals and societies in the coming future. We welcome you to experience this magnificence in your city, Lakhimpur Kheri!

Chairman

Seth M. R. Jaipuria School, Lakhimpur Kheri

MESSAGE FROM THE CHAIRMAN

GLOBAL EDUCATION WITH INDIAN SOUL

Developing next generation thought leaders. The commitment of the House of Jaipuria to provide superior quality education has only deepened and grown over the last seven decades, developing leaders who have proved their mettle in all walks of life. A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led. Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas. We are very glad to bring to Lakhimpur Kheri a champion of educational excellence. We present to you Seth M. R. Jaipuria School, Lakhimpur Kheri, where, we put the student at the heart of the educational process. A student's tenure at Jaipuria will be marked by a number of academic and non academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day our students learn and develop. A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School, Lakhimpur Kheri! Welcome to your future.

MESSAGE FROM THE PRESIDENT

ENCOURAGING OVERALL DEVELOPMENT

It is said that a leader is born with the birth of every child. The only need is to provide an enabling environment, careful nurturing and effective use of their unbound talents.

At the school, our philosophy is to reduce pressure and carefully nurture the student's hopes and desires while boosting self-esteem. We believe we all have the capacity to improve and learn. Children develop this capacity at different rates. And just like a potter molds clay, constant encouragement, immense hard work and love can mold students into future leaders.

Students at our school will not compete with each other, but with themselves by constantly raising their expectations and achievements. This will not only make them self driven but also sensitive and empathetic to other's failures and emotions. True learning comes through igniting the curiosity of each child and by guiding till they are free from fear of failures.

We seek to groom future leaders and ensure that each one is physically sound, mentally capable and emotionally secure to face challenges of life. We are but a guiding medium on their way to greatness ensuring they are not led astray.
